

# REHAMS

June 17 – 22, 2012

---

REHAMS Camp (**Recruiting into Engineering High Ability Multicultural Students**) is a one-week residential program based on a general engineering curriculum that includes science, technology and mathematics. The fun-filled activities will allow students to gain first-hand experiences as they relate to the various engineering disciplines. Program participant will have the opportunity to experience college life and interact with current engineering students, LSU faculty as well as industry professionals who have made successful careers in engineering.

The \$300 fee covers all program activities, room and board. You are responsible for transportation to and from camp. Scholarships are available if participant demonstrates financial need. Applicants must submit school lunch voucher to show student receives free or reduced lunch or the free ACT testing approval form with the application for consideration.

## Program Eligibility

- Completed freshman or sophomore year of high school
- Minimum grade point average of 3.0
- Interested in learning more about careers in engineering

Your completed application must include:

- Student Application Form (must be filled out completely)
- Most recent copy of transcript/report card
- Letter of Recommendation from a current math or science teacher at your high school. Please include **sealed** recommendation letter in your application packet.
- **A Check for \$50.00 registration fee must accompany the application. The check should be made payable to REHAMS. The registration fee is nonrefundable if application isn't cancelled before May 14, 2012.**
